***Oath/Declaration***

1. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

It does not identify the foreign application for patent or inventor's certificate on which priority is claimed pursuant to 37 CFR 1.55, and any foreign application having a filing date before that of the application on which priority is claimed, by specifying the application number, country, day, month and year of its filing.

The filing date of priority document 0222625.6 as indicated in the declaration is inconsistent with the filing date on the document. The filing date of the priority document is 9/30/2002, as noted in items 2 and 11 in the "Request for grant of a patent".
